

**China 20+years Fishing Products
Supplier**

Hangzhou Fishkool Co. Ltd

● About Us

With over 20 years of experience in the fishing industry, our expert team at Fishkool is dedicated to helping you start and grow your fishing business. Fishkool is a professional supplier of fishing equipment, specializing in both commercial fishing gear and recreational fishing supplies. Our product range includes fishing nets, floats, rods, reels, lines, artificial lures, and more. Through years of industry experience, we have built strong expertise in research, development, and manufacturing. Our products are widely recognized and in demand across markets such as the United States, Canada, Mexico, Japan, Southeast Asia, and Africa.

Fishing Lights

Fishing lights improve catches after dark. Portable floating signal lights can be customized with your information.

Submersible LED attraction lamps in various colors draw baitfish, while powerful underwater lights illuminate broad areas to attract game fish for night fishing.

Durable and adjustable brightness levels, with rechargeable underwater models, provide reliable lighting for round-the-clock fishing action.

Why Choose Us

1. **Experienced Team:** With 20 years of import and export experience, and most team members having over 20 years in the fishing industry, we are well-equipped to meet all your fishing equipment needs.
2. **Wide Product Range:** Our offerings include fishing nets, rods, reels, lines, hooks, artificial baits, waders, landing nets, kayaks, floats, life-saving devices, and more.
3. **Research & Development:** Our expert R&D team enables us to understand and meet the specific needs and preferences of our customers.
4. **Low Minimum Order Quantity:** We offer a low MOQ, allowing customers to order according to their requirements without the burden of excessive inventory.
5. **Customization & OEM:** Private labeling services are available, letting customers customize products with their own branding.
6. **Free Samples:** We provide free and fast samples for quality testing.
7. **Local Warehouses & Currencies:** With warehouses in the United States and Mexico, we ensure fast, efficient delivery. We also support payments in local currencies, including small denominations, for convenient transactions.
8. **Comprehensive Packaging Solutions:** From sourcing and development to label and package design (free of charge), suitable payment methods, and arranging cost-effective logistics (including door-to-door service for small businesses), we handle it all.

How To Work With Us

01. Inquiry & Discussion

Clear your needs and requirements

02. R & D, Sample Test

Design and develop as requirements, provide a sample or cut sample to test

03. Negotiation

after samples approved, sales export will negotiate all terms required

04. Order & Production

Sign agreement or purchase order as terms, make bulk production as request

05. Quality Inspection

All production will be checked by QC department before storage, and third party inspection also accepted if needed

06. Payment

Arrange payment as agreed, offering flexible payment terms

07. Delivery

Different channels are accepted, we can make shipments by sea, by air, or by express depends on situation

08. Sales Service

We have a 24/7 service team in the China office, meanwhile, US and Mexico teams are available at local working times.
